Dear Mr. Weisberg,

Just a short ~~lxxxx~~ letter to let you know that I got the FBI papers on the Detroit area investigation. They came a couple of days ago-1207pp. I know you are busy and not in the best of health so it's not necessary to reply. I've roughly skimmed about 100-150 pp and have not run across a single reference to Jimmy Hoffa or Earl Ruby. Many reports classify Oswald under IS-R_-Cuba. Some pages are inserted with the disclaimer that a page is missing because it was not filed in serialization. Some ~~pages~~ pages have substantial blacked out areas.

Anyway I wish you the best of everything and hope your health improves. If there is anything specific you might want me to look for in these papers I'd be more than glad to watch for it.

Good luck and my best wishes.

Sincerely,

Jan Mierzejewski
